MISSION

The mission of Whitesburg Christian Academy is to assist Christian parents by providing students an academically excellent and Christ-centered education for life-long service to Christ.

VISION

Our vision is that it would be said of the Academy that the students are passionate followers of Christ and well-trained servant leaders.

COMMUNITY

Whitesburg Christian Academy is a ministry of Whitesburg Baptist Church. It is located in the southeast part of Huntsville, Alabama. The school is divided into the grammar school for grades TK-6 and the upper school for grades 7-12. Students come from Huntsville and the surrounding areas of Madison, Meridianville, Hampton Cove, Owens Cross Roads, Lacey's Spring, Brownsboro, Somerville, Grant, Harvest, Scottsboro, Big Cove, New Hope, Gurley, Woodville, and New Market. The student body is culturally diverse with representation from the Hispanic/Latino, African-American, White, Indian, Native American, and Asian backgrounds.

HISTORY

In 1997 Whitesburg Baptist Church appointed a task force to develop a strategic plan for the establishment of a Christian school. The Academy opened in 1999 with one first grade class of 15 students and one teacher. Today the Academy has 32 classes, 508 students, and 66 faculty and staff. The dream of our pastor, Dr. Jimmy Jackson, has grown to be a passion for 350 current Academy families and many other alumni.

The school has seen dramatic and steady growth as each grade has been added. The Academy filled the facilities shared with Whitesburg Baptist Church. To experience continued growth, a capital building campaign to raise money for a new building became evident. A new upper school facility was completed and grades 5-12 moved into the campus in December of 2013.

Over the following year, four modular buildings were added to the campus providing a dining hall and classroom space for the entire grammar school. All children are now on the same campus. With continued growth, the Academy is planning another capital campaign for classroom buildings.

With new buildings, our purpose will stay the same.

Academy Today

We have begun to see the results of years of effort in training students for life-long service to Christ. Our graduating classes are taking their places in colleges, medical and law schools, corporations, businesses, government, and the military.

GRAMMAR SCHOOL CURRICULUM Curriculum refers to the means and materials with which students will interact for the purpose of achieving identified educational goals. Curriculum alignment creates a seamless flow of instruction from one grade level to the next. It is also a process that helps teachers and administrators track the content standard across grade levels. Curriculum pacing is developing an understanding of what is being taught and how it is being taught. Curriculum mapping is a process that helps teachers keep track of what has actually been taught throughout an entire year.
